

OUR MISSION

We advocate for youth ages 3-17 who are facing difficult life circumstances. We collaborate with our community's vast array of talents, services and resources to help empower our youth, parents and caregivers. Our services are free, voluntary, and confidential.

"Knowing that someone would show up for him every single week helped him begin to trust again, to believe that people wouldn't leave, and to heal parts of himself that were hurting. Watching that transformation as his mom was nothing short of incredible."

-Parent of WYAP Youth
